For success creating a new account, a group identifier and key code are required.

Group Identification: B05BZ-4FTFJ-MBXYD

Activation Code: FNxAd%bte*Db

You will be asked to enter your first, middle last names, and optional organisation name.

If you wish to use the MCPairs command line tool (mcpccli), you will be asked to set an additional password – it is likely the mcpccli documentation and instructions will have been sent to you via another email if this is of interest.

Click this URL to activate the account via MCPairs GUI:
